the Rev. Frank Kingdom at 12 o'clock
noon.

WAR WORKERS TAKE NOTICE.

The latest bulletin from the American
Fund for French Wounded is, "As the
supply of surgical dressings received by
us now is a very satisfactory one, we
urge all of our committees who are
either making garments or hospital sup-
plies to continue that work, as we are
not receiving as many of these articles
as we need."

The Derby Academy, Hingham, Mass.

A Endowed Day School for Boys and Girls,
founded by Madam Sarah Derby in 1784.

The School will open with a large corps of experienced
teachers.

SEPTEMBER 26, 1918

The School House is one minute's walk from the Hingham
Station. The building has been recently renovated,
and is equipped with modern heating and plumbing, elec-
tricity and fire escape. At the rear of the building is a
spacious playground.

The endowment makes it possible to offer the best educational opportunities at a minimum cost.

In September 1914, the Academy opened with an im-
proved curriculum, and since that time the instruction has
begun with a Kindergarten department and has extended
through the Primary and Grammar School grades. The
courses of education will now be extended through the first
two years of the High School, it being the intention of the
Trustees to extend the courses of the Academy up to the
College entrance, in accordance with the Founder's pur-
pose, as soon as this can be done with justice to the entire
student body.

HULL BRANCH S. A. S. A. P. REPORT FOR JUNE, 1918.

FOR COHASSET BOYS "OVER THERE."

Cohasset showed its patriotic appreciation
of the truth of a soldier in a fellow when
it packed the Town Hall on Monday
night of this week to its utmost capacity
to do honor to a young man who, al-
though native of Hull, and whose home
is in Hingham is nevertheless in the
same regiment, the 101st, as our Co-
hasset boys, Private Adelbert Bresnan
who won on the night of May 31 the
distinction of capturing the first Hun
taken by the 21st Division in the night
attack on the enemy's trenches in France,
and in consequence thereof was wounded

BIG 4TH AT OLD BEACON CLUB

In an every ascending scale of ex-
cellence, a patriotic meeting was held at
the Old Beacon Club, Allerton Hill,
at 6 o'clock on the 142 anniversary of Amer-
ican independence; and the occasion
was worthy of the day and hour. Mr.
James S. Blake presided in his usual
imminable manner. A group of Uncle
Sam's buglers from Fort Revere played
to the army calls, "The same calls
that our forefathers used to play to us
for we are coming." The buglers
marched in playing Reveille, faced the
audience and played while some young
ladies in patriotic costumes marched in
and faced audience; Mr. Blake then ex-
tended a few appropriate words of wel-
come and thanked the audience for their
thorough participation in the patriotic call.
At noon Mr. Blake presided at the
meeting of the 101st Engineers, Mr.
John L. Chapman Rollins, who with Rev.
Fr. O'Connor, are chaplains of the
101st Engineers. The meeting was
planned and carried out under the
auspices of the Record and Relief
Committee, and was yet another proof
of the indefatigable zeal with which
this committee is pushing anything which
will tend to aid our boys over there.

The meeting was opened with a
chorus which has struck the popular
fancy as war songs because of their
deep heart appeal and delightful mel-
odies which accompany the words, "Joan of Arc" was sung very sweetly
and acceptably by Miss Anna Hyland
who, in addition to the popular and
charming "The Boys of the 101st Engineers," Mr.
Edward Otis, whose fine tenor is always
heard with great enjoyment and appre-
ciation, sang "The Long, Long Trail,"
and "Keep the Home Fires Burning,"
joined by the audience in the choruses.
Mr. Walter Shenehan, the popular
singer, sang "The Star Spangled Banner."
Pictures of a large number of the Cohasset
boys in service in Army and Navy over-
seas were thrown upon the screen and
roundly applauded, and a fine clean
and neatly looking set of young men they
are, of whom Cohasset justly be-
prized. Lieut. David S. Denby, M. S. G.
of the 101st Engineers, spoke to the audience
and earnestly argued the need of perse-
verance along the lines of all our endeavors
to aid in winning the war, not for one
day but for every day, while the war
lasts. Hon. Hugh Bancroft of Cohasset
and Boston gave a stirring address
punctuated with jovial jokes (all very
witty and vastly pleased his audience
and helped to drive home the facts he wished the people to digest and
assimilate.

Mr. Geo. Jason, chairman of Rec. &
Relief Committee, filed in and
with very appropriate introductions and
words of approbation spoke. At last
the hour of the singing. Private Adelbert
Bresnan, of medium build and about
many years from boyhood; he did not
look either ferocious or formidable, but
simply clean, self-respecting American
boy, brought up in a country of
democratic ideals, and one who
got a thrill of pride that his boyish
men like those should have to be en-
gaged in the murderous work of war,
but war gives every soldier a chance to
show the heroic stuff he's made of, and
Private Bresnan proved his valor to
the satisfaction of himself, his
wife, and the audience. Speaking
of his experiences in capturing and
disposing the Hun when he brought in
captive, he told how in getting back to
their front line trench, they got into
some gas, and how they struggled on,
with great nerve exhaustion and the
great physical strain they had been
under, and when they were carrying
out a wounded man, he tried to help
them, felt exhausted, and felt as he lay
there that he was done for, but after a
brief rest he revived and struggled on
again. He was ill three days after he
got back to his bunk, and then he
had to return home for medical
services, much to his joy. He spoke
of several of the Cohasset boys, notably
Sergeant Kano, who had charge of the
detail in which he went on the night of
the raid. He spoke also of the machine
gun captured by Co. K boys, and brought
in, leaving the bodies of its dead gun-
ners. He spoke of the boys of Co. K
showing the boys of Co. K are living
up all the time to what is expected of
them, and doing it also with the finest
martial spirit.

Private Bresnan brought back many
interesting souvenirs which he sold
at the price of a ticket to him, including a
German gas mask, German knife and
scabbard, "Personaler" made by Ameri-
can boys out of white ash, and used
very effectively in ralls and on night
patrol. Nothing more or less than

Red-Hot Weather! Stomach Off?

No Appetite? Mouth Dry? Tongue Stiff and a Fierce Thirst? Here's Relief!!

Hot, heavy foods and iced drinks often play havoc with bad stomachs hot weather. The weak ones haven't got a chance. A quickly chilled or overcooked stomach is a starter of mild misery for its owner.

When you have the dull, depressed feeling after eating—aches, pains, bowel disorders, heartburn or nausea, belching, food repeating—it is the same point. You want to look out—and be quick about it in this hot weather.

A way has been discovered to make sick stomachs well and to keep them cool and sweet. It is a commonsense way. No starvation plan of diet is needed. Make this test and see how quickly you get a good appetite in hot weather and enjoy the things you like without misery to follow.

What "Maru" Means.

The word "Maru," attached to the name of every Japanese custom ship and commonly accepted as meaning "ship," has no special meaning, according to Captain Takehima of the Japanese steamship *Hudson Maru*, recently captured and released by a German raider in the South Atlantic. Captain Takehima said that the word is the survival of a Japanese custom centuries old. He explained the origin as follows: "There are two opinions as to how the custom originated. One of the stories is that in ancient times the Japanese attached 'maru' to the name of anything highly prized. It was first applied to a ship's name about 2,000 years ago, when the Emperor Jingo sent an expedition to Korea. She added the word to the name of the ship that transported the troops to Korea. Ever since then 'Maru' has been part of the name of every steamship or sailing vessel. It is never used with the name of a warship."—*Fishing Gazette*.

Snowy Owls in the Expression.

The appearance of snowy owls, a rare occurrence, is reported in Nebraska. These remarkable and remarkably beautiful birds come from the Arctic regions. Only four previous visitations have been recorded in the ornithological history of the country. The snowy owl is a bird of wonderful plumage, is about two feet in height, and is more likely to be found roosting on a straw stack or a hummock of some sort than in the branches of trees.—*The Argonaut*.

"All in the Expression. Gibbes in a fight? Why, I thought he was a pacifist." "Yes; only he calls it a pass-a-fist."

ALL WORN OUT

Doan's, However, Restored Mr. Roulston to Good Health. Results Have Lasted.

"Mornings I was so stiff and sore I could hardly get up," says A. C. Roulston, prop. blacksmith shop, 2840 Washington Ave., Toledo, Ohio. "The sharp pains through my kidneys were so bad I often thought I wouldn't be able to get to work. I couldn't rest comfortably and had to sit up all night. I had to get from one side to the other, with a dull, dragging backache. There were puffy spots under my eyes and my feet were swollen all the time. The kidneys and erections passed too often and were otherwise unnatural. For about five months I took Dr. Doan's Kidney Pills and, I can honestly recommend Doan's for they have surely done me a world of good."

Mr. Roulston, graduate of state medical in 1915 and in March, 1916, said: "My cure is still lasting. I take Doan's occasionally, however, to keep my kidneys in good working order. One can depend upon Doan's to cure kidney trouble."

EATONIC Tablets have amazed people everywhere with the marvelous benefits they have produced for thousands of stomach sufferers. Start the test today and let your own stomach tell you the truth.

EATONIC works quick—it absorbs and neutralizes hurtful, poisonous acids. Juices and stomach gases caused from undigested foods. Thousands testify that it quickly puts the stomach in a clean, sweet condition—recreates the appetite and gives a new zest for living for the man who likes good things but who suffers every time he eats.

EATONIC is absolutely guaranteed to do all this and you are to be the judge. If it fails to do what it claims, return it for a full refund. Get your money back at once, right from the manufacturer. You can't afford to wait. No need of your taking a chance of suffering. Start EATONIC to-day. You will see.

TEACH THE BOYS FRENCH

Simple Lessons That are Given to Our Soldiers Who are Serving "Over There."

A. Y. M. C. A. director said to me hesitatingly, and in French as plainly soft as a senna tablet: "Won't you help us with our French classes which are very difficult?" I thought the American soldiers in Paris. Men and women are teaching in these classes for nothing, and we want to develop the study of French. We want the soldiers to know something besides the bad part of France—the women who talk to them on the boulevards, but not for nothing."

And so here I am. The room is a small one. Around an oval table are a dozen young gentlemen who, at first sight, appear to be engaged in a clandestine poker game. At the head of the table is a French professor in the uniform of an interpreter, armed only with a conversation manual. Under his direction the class chants in chorus aphorisms calculated to stir the imaginations of the eager young students, such as these: "C'est femme à la guerre," "Le cheval de mon oncle est aussi beau que le jardin de votre grandmère" (my uncle's horse is as beautiful as your grandmother's garden).

Great heavens! Let's hope that these boys won't think that these are maxims from Pascal or Descartes, and that they represent the supreme effort of French thought.—Georges Rozet in *L'Œuvre*, Paris.

Spent Yeast Put to Many Uses.

The spent yeast which collects in breweries and distilleries is put through a process which turns it out in the form of buttons, doorknob plates and knife handles. Formerly this left-over material was considered to be a bothersome waste; now it is utilized, every bit of it. As it is gathered from the vats the yeast is of a dirty, gray-brown color. The first operation is to dye it and then to work it over until it assumes the form of powder and can be hot pressed into any worm. In this stage it is called "ernothit." It may be saved, scraped, dried, engraved, turned to an edge and polished.—Popular Science Monthly.

Only Small Sizes Left.

"These shoes are too small for me," said the customer.

"Best I can do," replied the shoe clerk.

"How's that?"

"On account of the war."

"What has the war to do with the size of shoes?"

"A whole lot. You know, they're sending shoes to the boys 'over there' in large numbers."

Not Entertaining.

Mollie—"And did she entertain you last night?" Chouli—"No, she sang the whole time."

THESE TWO MEN REFIT THE ARMY

Lively Work of Major Fawcett and Captain Thrall at Camp Blank.

SPRUCE UP FOR OVERSEAS

Hungry and Ill-Clad Soldiers Well Fed and Made Spick-and-Span for the Voyage to Battle Front in France.

Washington—Major George W. Fawcett is the camp quartermaster at an American embarkation camp. It is his first business to see that troops going overseas find comfortable, healthful temporary quarters, and have plenty of food. The camp is more than a rest resort for travelers. When it was established less than a year ago incoming troops were warned that they must not rely on getting any of their overseas outfit here. This is so completed that there is nothing which this camp will not supply nearly as fast as the men can be marched up to his warehouse to take the supplies away.

Major Fawcett has a ten-foot-square office in an unpanited shack. He sits at a little desk with two clerks, one behind him and the other at his side. A telephone receiver is strapped over his head all the time. The officers requiring supplies for the present and future who come into this camp make mistakes, big and little, but not one of them has ever got anything worse than an amnesic or an astonished grin from the camp quartermaster. "It is easier and quicker to give a man what you know he wants," the major says, "than to waste your time, his, and the government's, by quarreling with him because he has not put his needs in proper shape."

Makes It Easy for Them.

Army regulations require particular simplified formulas for requisitions, prepared with scrupulous attention to small details. Major Fawcett has taught his men to accept and scribble indifferently on the back of an envelope or a bit of wrapping paper, tell the applicant for supplies, come back half an hour, and, then, when he returns, hand to him a perfectly arranged form of requisition, stating all his needs with military exactness, and at the same time directing him to a storehouse where his supply is already waiting.

The interior traffic of the camp has increased since 100 big motor trucks are tearing through the streets of dawn until dark, and half of them

Hundred Who Were Sent Over Giving Such Efficient Service More Will Be Sent.

Washington.—To the 100 girls from America now doing service as military telephone operators in France, 150 more in training schools here may soon be added, leaving a reserve force of 200 more on file out of about 8,000 applicants.

The telephone is referred to as the "nerves of the army," and the young women who have been accepted for this work have undergone tests as severe as those to which a soldier at front is sent.

The telephone exchanges often are only a short distance behind the trenches, and the operator must possess both courage and calmness under dangerous circumstances.

"These girls," said Capt. E. J. Weston, who recruited the unit, are going to astound the people over there by their efficiency. In Paris it takes from 40 to 60 seconds to complete one call. Our girls are equipped to handle 300 calls an hour."

Other reports that have reached the war department from France show that the American girl is making good rapidly in a task as difficult as is to be found back of the front line of trenches.

The first group of operators entered training school here on January 12 for instruction in advanced telephony. They received practice in the largest New York exchanges and were then tried out in military cantonments. The course included talks upon personal hygiene.

The first contingent sailed on March 2. Other groups sailed in March and April and were stationed at supply depots and debarkation ports.

In addition, two girls are working both French and English, every one of them girls has stood a loyalty test which proved that she could be trusted with military information.

The uniform prescribed consists of a coat and skirt of navy blue serge, shirtwaist of navy blue Palm Beach

cloth and straight-brimmed hat of blue felt, while the regulation orange and white cord on the left sleeve is used to designate their rank, as operator, supervisor, chief operator and so on.

"WAR BRIDES" DUPE SOLDIERS

Women Fortune Hunters Arrested for Having More Husband Than Laws Allows.

San Diego, Cal.—Almost since the United States entered the war soldiers have been victims of women fortune hunters. Girls at various camps are being arrested charged with having over quota of soldier husbands, and in every case the question of insurance was the motive.

This city has been no exception to the rule, and with the thousands of soldiers and sailors in training at the camps near by federal officials are on the alert, and are taking steps to prevent these girls from entering. They gave their names as Miss Mae Smith and Mrs. Elsie Byrnes, and both are pretty. They were caught in the act of mailing about 20 letters to sailors and soldiers asking for money for clothes and traveling expenses. In every letter written by the girls was the phrase: "I wish you oceans of love with a kiss on the top of every wave." The girls also received 15 letters from ardent lovers and each letter contained money.

While Over There He Gets Diploma Over Here

Knoxville, Tenn.—Although

Clay Parker, Knoxville lad, is "over there," a formal presentation of a diploma to him as the only boy graduate of the Carter High School occurred here. Parker attended the school's exercises before the seat of the only boy graduate draped with Old Glory.

Merry Widow to Die

French Woman Found Guilty by Court-Martial.

Sold Military Secrets to the Germans in Letters to Her Children.

Paris, France.—Brief announcement has just been made that a Paris court-martial has condemned to death as a spy Mme. M., thirty-seven years old. Her son, Noel, sixteen years old, who was accused of being her accomplice, was ordered to a penitentiary colony until he comes of age. The court believed he was too young to be held responsible for his acts.

As the case was never heard in public, only a few details have been known, namely that Mme. M.'s husband was killed at the front in March, 1916, and that the wife soon started a life that earned her, in the circles she frequented, the name of "The Merry Widow."

She soon ran through the money she

had obtained, and, to obtain more, communicated with a Greek living in Spain, an agent of the spy bureau established in Barcelona by the German secret service.

HULLONIANS' HAPPY HOURS

The Allerton Special Aid Society has increased its membership from 75 to 150 in the past two weeks. This has been accomplished mainly through the efforts of Mrs. J. H. Hubbard, who has made a house to house canvas, and by her tact and interest in the work enthralls all she meets.

Mrs. C. P. Sylvester, wife of Dr. Sylvester, is much interested in the work of the Special Aid and is to serve on one of the tables at the Grand Bazaar. Her name was inadvertently omitted last week.

The war is the printing establishment where this paper is printed a severe blow. Many of the best workmen have either been called to the war, or to some form of war service and the public is asked to be patient with mistakes.

Mr. and Mrs. J. F. Barry and family of Dorchester have recently moved to the residence of their summer home on Q street. They were late in coming this year because the whole family were interested in war work in Dorchester. The Misses Barry were all workers in the War Savings Stamp drive and Mr. Barry was a member of the press corps in several branches of war work.

The testimony of a neighbor who has lived near this family for many seasons is, "They were always such a well behaved family, when they were children, a delight to the neighbors, and we welcome them coming right heartily." A good neighbor to have next door.

Mr. and Mrs. E. M. Peters have taken a house corner of K and Central avenue and immediately became interested in Special Aid work.

Mr. and Mrs. R. C. Thomas and Son have moved to the Gable cottage at 180 Bay avenue for the summer.

Mr. and Mrs. C. H. Wood and family have arrived at their beautiful summer home on the bay front at Allerton. They are late this season in coming down.

Mr. and Mrs. Hiram Kendall of New-ton Centre have taken the Noyes cottage on P street and have identified themselves with Special Aid work.

The Allerton Special Aid has been hard at work preparing for the Grand Bazaar to be held Tuesday, July 23. It is said that "Buster" Mr. G. F. Semmens, the popular Popsicle poolie, who recently collected \$22,000 for the Red Cross, and who is summering at Allerton, will pose as an enemy of the Kaiser and collect some money amount not known—for the Special Aid at the Bazaar. Mrs. Hattie Lyons will be a guest at the opening of the grand bazaar.

We regret to state that Mrs. Carroll Cleverly, while she is home from the hospital, is not yet restored to health as was stated last week, but is still very ill and under the care of a trained nurse. We hope to have a better report next week.

The many people residing in Hull Village, Pemberton, or at Stony Beach are cordially invited to join the Hull Branch of the Special Aid Society which meets at the Library. See card in either column.

With regard to our summer residents, we'll say that many are joining the Special Aid of which there are two branches, Hull Special Aid taking in Hull and Nantasket and Allerton Branch taking in Allerton and vicinity.

Some criticism has come to this office that the program of the Special Aid was not printed. It would have been gladly done if anyone interested had taken the trouble to send the program to our office. Owing to lack of help and the inability of the editor to be everywhere at once, some items get by, yet we try to see anything in print set it in to Allerton office by Tuesday of each week.

Mr. and Mrs. Fitzroy Kelley have opened their house on Hull Hill for the summer. All the family are well. They expect a visit from all this summer if they can.

Lloyd Shaw has been home after a trip from the South with a vessel of coal. They came in just at the time of the submarine incident with no convoy, and it kept everyone on the anxious lookout. Mrs. Shaw has had a profusion of beautiful flowers sent fresh to her every day from home in West Roxbury.

Mr. and Mrs. C. P. Tolman of New Rochelle, N. Y., and Mrs. G. W. Mott, of Racine, Wisconsin, are at their estate, Bentz Avenue, Bayside.

Mr. and Mrs. Phillip Endres, who have made their summer home on the water front at Hull for many years, are great walkers and enjoy many a hike along the beach.

Mr. A. E. Keeler and family have been summering at their apartment in the Keeler Building for the summer. There are two good apartments to let cheap. E. J. Sirovich, agent, Hull 225.

Every quarter wasted stain a soldier in the back and is doubly extravagant. It is not enough to deplore what the Germans have done. That will not hurt the Germans, they do not care what you think of them. Help your Government to fight them. That is the only thing that counts with a German. When you save and buy War Savings Stamps you hurt a German in the place where it hurts.

Mr. and Mrs. Ernest Nixon of New-tonville and two children are at the Sylvester House, also Mr. and Mrs. Blanchard of Brockton.

Mr. Richard J. Healy of Worcester, one of the highly respected citizens of the city, has had his residence the estate of Mr. Fred J. Watson at Allerton through E. R. Jenkins' real estate office. Mr. Healy will occupy at once.

Mr. John Regan has purchased a cottage at Allerton through the real estate office of E. R. Jenkins.

Mr. and Mrs. Sharp have opened a select boarding house at Allerton on R street.

Mrs. Rita Hearn and son, Thomas, of Boston, are at the Fairfax cottage.

Mr. and Mrs. Campbell, with Mr. and Mrs. Phillip and son, Harry, and Mrs. and Mrs. William Phillips, and daughter, Marion Elizabeth, are enjoying life on the bay front at Allerton in the "Packard Cottage." They entertained a large house party over the Fourth.

Mr. C. L. Tower and family of Auburndale are at the Saunders cottage, Bayview.

Mr. J. Barry's son is first class yachtsman at the Naval Aviation detachment at Norfolk, Va.

The interest displayed by the summer people in the central section of the town in the Bayview to the south is due to the Allerton Special Aid at the Nantasket Inn is very gratifying to the officers. Anyone having articles to contribute will please take them to the work room to Mrs. John Bryant's.

Mrs. J. Green O'Brien of the Back Bay is summering at Allerton. Her son is in the service of the United States on board the destroyer O'Kane. He volunteered over a year and a half ago.

The soldier boys who go on hikes always seem so cheerful and happy, singing as they go.

On Wednesday evening there was a lecture at the Y. M. C. A., Fort Revere, Thursday evening, Mrs. Jessie May Trainer and her group of children will furnish the entertainment. On Saturday evening Damon, the rapid-fire speaker, will tell "Some Things You May Not Know About the War."

Mrs. Robert Winn's father and mother, Mr. and Mrs. Street of Camp Vincent and Mr. and Mrs. Kohl, of Camp Winn for a brief winter. The party moved over from their homes and have started on their return trip by way of Providence, New York and the Catskills.

On Sunday, July 7th, through the courtesy of Col. Frank S. Long a hand concert will be given at the Old Brown Church by the Artillery Band.

Miss Helen Homan, who recently took a position at the Minot Post office has been obliged to return to her home because of ill health.

Hon. W. T. H. Fitzgerald read the president's message before the audience at the Bayside Theatre on Fourth of July evening. Mr. Fitzgerald is one of the most popular speakers.

Mr. and Mrs. C. P. Sylvester and family have arrived at their beautiful summer home on the bay front at Allerton. They are late this season in coming down.

Mr. and Mrs. Hiram Kendall of Newton Centre have taken the Noyes cottage on P street and have identified themselves with Special Aid work.

Mr. and Mrs. J. H. Hubbard of Dorchester have recently moved to the residence of their summer home on Q street.

Mrs. Hattie Lyons, who recently took a position at the Minot Post office has been obliged to return to her home because of ill health.

MRS. BATES GIVES TRIBUTE TO "DEL."

The above committee recently organized with a representative from Quincy, Braintree, Weymouth, Hingham, Hull, Cohasset and Scituate. Mr. George A. Cole, Hingham, chairman, has secured the Atlantic Club which will be opened on Saturday as a Service House. Each town is expected to raise through its local chairman or representative the sum of \$100 toward running expenses of the hall. The hall will be given July 3rd and 4th at the Apollo.

Everybody at the beach was so busy this week entertaining company that news failed to come in as usual, too busy making news to tell it.

SUNSET POINT POINTERS

Come all ye Native Sons
And buy "War Savings Stamps" to-day.
For this is everybody's War,
Each one of us must pay.

Each one of us must do his bit
For the Boy's across the foam.
Then we can look them in the face.
When they come marching home.

THE FOURTH ON THE SOUTH SHORE

Time will not permit us to give the whole story of the wonderful celebration of our, as some one said "International Holiday" this week. It will have to be continued in our next. It was certainly in many ways and in most towns the most patriotic ever.

HOLIDAY DELAYS

owing to the fact that Thursday was

the great and glorious Fourth and conse-quently no printing was done, this week's edition is a bit delayed.

Adv.

The last 6 names mentioned in Mr. Almon's obituary of last week were the pallbearers.

Misses Elaine and Gwendoline Kauft entertained their friends by a dance party at the Club House last Saturday night.

Mr. and Mrs. Arthur Higgins have returned recently from a motor trip to visit Mr. and Mrs. Frank Higgins at East Harwich with the Cape. Many stunts performed by the flyers from the aviation station at Chatham can be seen from this point on the Cape.

Mrs. Lord, mother of Mrs. Frank E. Pratt, died on June 10. Mrs. Pratt and wife, Mr. and Mrs. Frank Soden.

Congratulations are being extended to Mr. and Mrs. John Langdon on the birth of a daughter Monday, July 1.

Mr. and Mrs. Langdon are occupying the Chas. Frates house on Elm Court for the summer, as Mr. Langdon is employed here.

Mr. and Mrs. Louis Crossett opened their palatial summer home on Homestead June 1. Mrs. Kibbie, their daughter, wife of Lieut. Kibbie of the U. S. N. and baby Keith, are occupying one of the cottages on the estate near the yacht club house.

Four more of their activities will be carried on this season at the yacht Club House, with the possible exception of a private dance.

Mr. and Mrs. Henry G. Patton were in town last Sunday at the Lothrop Home-

stead at Sandy Cove.

Mr. and Mrs. J. H. Chapman of Boston are occupying the home at Sandy Cove. Mr. and Mrs. Chapman are living in Mrs. Frances Pratt's house on Elm street. Mrs. Pratt and daughter Edith have gone to Norwell to keep house for Mr. Ranna Welton while Mrs. Welton is in France engaged in war work.

Fabian Valine of the 301st Field Bat-

talion Signal Corps spent last Sunday with his parents, Mr. and Mrs. Ernest Valine, presumably for the last time before crossing, as they were packed, awaiting orders when he came home. We wish him good luck and Godspeed.

Mrs. George Eunice who has suffered from ulcers on the eyes the past winter is again having trouble with them and is being attended by the district nurse, Mrs. S. A. Weir.

Mrs. Florence Whitman of Marsh-

field, who is employed by Mrs. Herbert Rogers, has a Camp Fire Indian costume which any girl might be glad and proud to own. It hung and trimmings with beads which represent various articles used to the practical and cultural arts and is most beautifully embroidered with bead work wrought by her own hands. She is working hard for the Indians which will bring her to position of Camp Fire Guardian. It is good to see a young girl having a definite ideal model like this for which she is willing to strive with earnest effort.

Miss Carol Converse and daughter, Miss Alice, went this week to Bryants Pond, Me., for a few weeks.

The Congregational Church picnic was held on Tuesday of this week, but because of bad weather was postponed until Wednesday. The picnic was to be at Kinsella's beach.

Mrs. Allan Collier Bates is a pleasant conversationalist, for she has a fund of reminiscences of the good people of sixty odd years ago who dwelt in Cohasset, most interesting, and she has such a delightful way of telling these little stories. She is also a good singer, and some of the past residents with sweet memories of those who lived, loved and suffered and passed on, leaving their cherished possessions to careful hands like her to preserve them.

Wm. Whitlock, who is doubtless well remembered by his boy playmates here, is still here. He and his wife spent the 4th with Rev. Mr. Mrs. Newell.

Mr. Frederick Allou of Quincy has bought and will remodel the house owned by Mr. Frank Fowler, formerly of Cohasset, now of Oregon. Just over the line in Scituate on So. Main street, Mr. Peterman, a widow, has recently sold the Wm. Newell estate to Mr. Peterman, who is now occupying the Jerusalem road to Mr. George E. Leigh of Brookline, who is now occupying the house which he had on Pleasant street.

Mr. S. F. Masson of Whitinsville, Mass., has rented "Rock Edge" owned by the Misses Arthur, at Sandy Cove for the summer.

On Wednesday night of this week Rev. Fred Stanley, Scouting master for the Boy Scouts of this town, accompanied by four Boy Scout patrol leaders, went to Camp Okoloko, Oldham, Pembridge, on a service hike to assist in preparing a summer camp for Boy Scouts.

Mr. Augustine of Milton has rented the house on Beach street, owned by Miss Nancy Williams.

Mr. Wm. Felizer of Brookline will occupy the Waldo House on Beach street this season.

Mr. Philip Green of Boston has bought the estate formerly owned by the late Matthew Ladd, will remodel and occupy with family.

Mr. Irving Sylvester has a force of men repairing Cat Dam, putting in new gates.

Rev. Milla Gates, rector of the Church of the Intercession, New York City, came to Hingham on Saturday evening to give a lecture on "How to Win Friends and Influence People." The lecture was given at the North End Yacht Club.

The Old Shop in Cohasset square has a Loan Library and sells Paul Revere cutters and other articles. It opened June 15, 1918.

After 19 years of serving the public with promptness, courtesy and the best of service, Mr. Fredrick W. Tupper, Jr., has now closed his office. He is now the Cancer Hospital after undergoing an operation for his disease, but we are glad to say "Tedd" is getting well. He came from Jensen College for a vacation, but will have to read it now.

It seems natural to speak of Theodore Almon, Harold's brother, as "Tedd" has been a familiar sight to us all in the last few months. He is now the Cancer Hospital after undergoing an operation for his disease, but we are glad to say "Tedd" is getting well. He came from Jensen College for a vacation, but will have to read it now.

HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Simplicity Should Convince Others.

Christopher, Ill.—"For four years I suffered from irregularities, weariness, nervousness, and was in a run down condition. Two of our best doctors failed to find out what was the trouble, and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble."—Mrs. ALICE HELLER, Christopher, Ill.

Nervousness is often a symptom of weakness or some functional derangement, which may be overcome by this famous rock. You have recently Lydia E. Pinkham's Vegetable Compound as thousands of women have found by experience.

The letters constantly being published from women in every section of this country prove beyond question the merit of Lydia E. Pinkham's Vegetable Compound.

LUNT-MOSS CO., BOSTON

Old Grist Mill to Norristown. The Montgomery County (Pa.) Historical Society has appointed a committee to arrange for the removal of an ancient grist and sawmill in Horsham, built in 1734, to Elwood park, Norristown. The old mill, not operated for many years, had been offered to the society by Miss Mary Iredell. It was an old relic and the town council of Norristown has signified that if it is accepted by the historical society and placed in Elwood park along Stony Creek, it would be taken care of by the town. In due time future generations may see how flour was ground and lumber sawed in pioneer days. It is the intention to bring to Norristown, if possible, the large driving wheel, turbine wheel and cob crusher.

Patriotic.

Patrice—And so they are married!

Patrice—Oh, yes.

"And where are they spending their honeymoon?"

"He's spending his in the trenches, and she's spending hers in her war garden."

Patriotic Methods.

"You are the same kind of a scamp your father was before you."

"Well, then, why is it he is now always after me?"

One of the great drawbacks in this world is that a man never knows it is too late until it is too late.

TREAT CAPTIVE GERMANS KINDLY

French Generous to Prisoners Despite Brutal Course of Enemy.

ARE GLAD TO BE OUT OF IT

Sight of Long American Columns Desrays Hopes of Victory—Live Like Happy Family in Prison Camp.

With the American Forces in France—France knows that her prisoners in America are treated badly, but German prisoners are treated humanely and even generously in French prisons.

"What do you think of all the Americans you have seen passing here recently?" I asked him.

"I have seen many Americans," he said.

"Ah!"

Unless one could see the gesture accompanying the monosyllables he would hardly know what meaning to attach to it. It really meant:

"Oh, what's the use of being brutal to individuals just because some one else is? We wish we could, but we can't."

I have inspected several prisons, some large and some small, and in every one I have found the Germans treated with as well as civil as in normal times and in many instances better. Officers are not humiliated in any way. In fact they receive better treatment, a stranger would think, than are really entitled to.

Prisoners Live Happily.

On a low hill about 1000 feet from a station of France stands a prison—five low wooden buildings surrounded by two barbed wire fences, with armed pickets always patrolling outside. Here are 200 Germans, many of them prisoners taken in the early battles of the Somme, but some taken more recently. They are all privates and constitute as happy a family as one could find where personal liberty is the one thing desired and denied.

The Germans stood at their barbed wires hours at a time and watched the endless line of soldiers. When it was the line of France that was moving past the Germans were not particularly interested. They had seen that for years. They know France always had an endless line of everything needed for war. But when they saw the shakin' of American flags or rolling by for whom they had fought for all other, and heard the muddy shuffles of feet through the night, there was a change in the dull expression of those German eyes. It was at this time that I went to the prison to learn what they thought of what they had seen. First it should be stated that these prisoners see little of recent developments in the war. They must form their opinions from such fragments of conversation as they hear from their keepers

WHY GUYON FIGHTS

This French Pollu is Regular Fire-Eater.

Bride Taken Prisoner and Horribly Abused by Huns, Escapes to Tell Story.

Paris—Guyon's a regular fire-eater. He has been stoned six times. He wears a croix de guerre and a medaille d'honneur. He captured a German mitrailleuse single-handed. He went out alone in No Man's Land to bring back a wounded comrade. He's been wounded himself four times.

When he is back of the lines off duty, he helps a Y. M. C. A. secretary hand out writing paper to his comrades in a French dugout. But it takes a lot of strength for him to do this. In August, 1914, he doesn't seem to need to rest. When he is back in the trenches he works off his surplus energy causing out the way the war is run be-

and from what they see, as, for instance, from the long, long line of Americans, the first they had seen.

In this particular prison the newcomers had brought the news situation up to early spring, but as for the big offensive the prisoners knew only that there probably would be one.

Americans Surprise Germans.

When I asked if there was a German among the two hundred who could speak English, a good looking young man, with a typical Teutonic mustache, red cheeks, a glow of health, was called out. He stepped into my presence like an automaton, clicked his heels together and saluted the French captain. He told me he was a German, but he was in France in a prisoner of war camp in Lengen, Switzerland; that he fought eight months, but was never wounded; that he is in the wholesale dry goods business in Berlin, and that he does business with John Wanamaker, Marshall Field and Stern Brothers.

"What do you think of all the Americans you have seen passing here recently?" I asked him.

"I have seen many Americans," he said.

"Ah!"

Tates Held on Banks of Tiber. In describing the results of these tests, held on the banks of the historic Tiber, F. H. Randal, writing in the Illustrated World, says that the scientist was asked to burn through a three-inch plank of hardwood. In less than a minute the scientist, the plank was seared and broken as if it had been broken by lightning.

Officials then asked the scientist to explode two bombs, one hidden along the bank of the river and the other in the bed of the stream. Within ten minutes the bomb along the bank exploded. It required a much longer time to explode the other bomb, but this, too, was finally accomplished. The entire outfit used by the inventor was placed on a single small barge.

An approximate idea of the power of the arcing electricity may be obtained by watching an electric furnace at work. It will cut the hardest steel in such a manner as to produce desribed. It is reported to representatives of his government that electric currents can be concentrated and directed in rays.

said. "I was surprised that you have so many in France."

Another prisoner, less prepossessing in appearance than the first, was asked many things in general. He spoke English.

"I live in Berlin and work in a bank, but was in the war for two years. When the war is over I am going to Switzerland to live. I would go to America, but they don't like Germans over there any more."

"Why are you going to leave Germany?"

For an answer there was a shrug of shoulders and a half scoff, half smile.

"Are you satisfied here?"

"It's a lot better than being in a grave where a lot of them are."

TAXICAB DRIVERS KNIT BUT THEY ARE WOMEN

—

Cleveland, O.—One of the least surprising thing to be seen on the streets of Cleveland is a taxicab driver calmly sitting in a taxi at stand still, purring and drooping, while sex and sweater develop before your eyes. But the drivers are girls, for Cleveland is rapidly getting a large proportion of its day drivers from the other sex.

Cole, a brother, Col. of the 52d Infantry Brigade, a brother, George W. Cole of Hingham. Memorial services are to be held at the New North Church next Sunday.

Miss Bridget McCarthy has leased her house on Lincoln street to Mr. Thomas O'Brien, whose marriage is to take place in the fall.

Strange as it may seem an umbrella was accidentally left on the corner of Main and South streets Monday last at 9:30 a. m. and the owner on returning to Hingham about 8 p. m. found it right where she left it. One girl and sixteen boys made their first communion at Saint Paul's Catholic Church Sunday last at 8 o'clock mass.

CHILD WELFARE WORK.

The weighing and measuring of children under 5 years of age, which our National Child Welfare League is asking every community to undertake will take place in Cohasset, July 10-20, at the Bates Building, Elm street, opposite the Osgood School from 2-5 excepting Tuesdays and Fridays when the Red Cross is in there. The prevalence of measles in Cohasset delayed the test, but everything will be ready to begin July 10, as Miss Weir and the Director of the National Committee of the Social Service League have been preparing for it for some time. All mothers should bring their children under school age, to be weighed and measured to the nearest pound to be entered for an average to be held in the Children's Bureau of the United States. If a child should fall short of the average or greatly exceed it, the parents must know it, and they will at the test be advised to consult their family physician. The physicians and pharmacists of Cohasset are committing to the test by turns at this test and give their valuable assistance in every way possible, for this movement is only a part of the great children's year campaign inaugurated by our Government to save lives and shorten the incidence of infant mortality.

There are many details in this work which only an expert can detect, but yet which, if detected in time can easily be corrected, while if not noticed may grow into the many defects the draft has shown our young men to have, making so many unfit for service.

WHITE ELEPHANT SALE

Mrs. Newton Warner, vice-chairman of the Allerton Special All sources that "White Elephant Sale" will be conducted.

Any one having any article, in good condition, such as books, vase, dishes, pictures, who would like to contribute it, please send it to her. It is not a rummage sale and no old clothing is wanted. Any good thing that has been used, for which you haven't a use, which is in fact a white elephant on your hands, may be given.

An interesting patriotic service was held in the Congregational church, last Sunday evening. Special music, readings and appropriate remarks by members of the Christian Endeavor made a very pleasing service.

The unfurling of the Christian Endeavor Service Flag with four stars was most impressive.

The collection was for the benefit of the French Relief work.

The Denebawnee Camp Fire held a meeting Tuesday afternoon, at the home of their guardian, Marguerite Barker. Plans are being made for an entertainment to be given some time in August.

The Christian Endeavor held a social in the Chapel last Friday evening. The evening was in charge of the Camp Fire girls who provided a very enjoyable program. Refreshments were served and entered with much enthusiasm, after the games refreshments were served and each took his way homeward feeling that the occasion had been a success.

JOURNEYS

A JOURNEY THAT WAS UNNECESSARY

"Hello! Mr. Jameson, this is Kennedy of Bangor Maine. Just arrived New York this morning and I want to close that deal with you today, if possible. When will it be convenient for me to see you?"

"Well, Mr. Kennedy, I didn't expect you and I am going to leave town in about half an hour to be absent two or three days. Why can't we settle it right now over the telephone?"

"All right, Mr. Jameson, that is perfectly agreeable to me."

The deal was closed and Mr. Kennedy returned to Bangor without seeing Mr. Jameson at all. Of course he could have accomplished this just as well by telephoning from Bangor and thus saved three days' time and about \$40 traveling expenses. And he hadn't even used the telephone to ascertain if Mr. Jameson would be in town.

A JOURNEY THAT WAS AVOIDED

"Hello! Is that you Mary? I'm so glad to hear your voice. Have I just received your letter about your illness. How is it? I was so much to be with him and will come if necessary, but Marion is ill, too, and it's hard for me to leave home."

"Mother, I'm glad you telephoned me before leaving home, for the doctor has just been here and says that John is very much better so it really is not necessary for you to come."

"That is indeed good news. I'm glad that I telephoned you before starting."
